# Automated DVD Kiosks for Universities

Take advantage of a growing \$20 billion DVD rental and sell-through market. Become a part of the latest DVD craze and offer your customers this revolutionary way of renting and purchasing movies and video games. Your customers will love it!

**Designed primarily for retail establishments, DVmatic allows you to differentiate your campus from the competition by offering a fully automated video machine at your school.**

#### **Additional Revenue**

DVmatic potential revenues from DVD rentals and sales as well as advertising.

#### **Convenient and Accessible**

Provide your students and faculty with a convenient accessible way to rent their favorite new releases without having to stop at the local video store. It is as easy as using an ATM.

#### **Fully Automated**

Robotic technology allows the machine to function on its own without human interaction. Aside from stocking the machine, DVmatic is fully automated.

#### **Minimal Labor**

Operating DVmatic requires very little time and effort and will not require hiring employees – let DVmatic do the work!

#### **Web-based Network**

Our integrated web-based network enables operating machines from any internet connected PC providing the operator with remote access to the entire business.

#### **Inventory Management and Reporting**

Web-based inventory and reporting management system necessary to better run the business.

#### **Small foot print**

Offer hundreds of movies in only a few square feet.

#### **Customization and Branding**

Custom graphics, colors and logos packages to match your business branding needs are available.

- **Online Reservations** – reserve at home and pick up at the kiosk
- **Machines Interconnectivity** – rent from one kiosk and return to another
- **Subscription & Promotional Offerings** – to build and retain a loyal customer base
